ISFQC – Instructions for Abstract Submission

Call for Abstracts – VII ISFQC 2026

The International Symposium on Forage Quality and Conservation (VII ISFQC 2026) invites researchers, professionals, and students to submit abstracts for poster presentations. All accepted abstracts will be published in the official ISFQC Proceedings (Annals).

Submissions are welcome in the following thematic areas, including but not limited to forage production and management; silage and haymaking; fermentation processes and additives; forage conservation technologies; forage quality and nutritive value; ruminant nutrition and feeding strategies; sustainable livestock systems; and precision livestock and forage systems.

Abstract Submission Deadline: August 21, 2026

Submissions will be accepted exclusively through the online submission system available on this website. Abstracts sent by e-mail or other means will not be considered.

General Guidelines

- Abstracts must be written in English
- Each registered participant may submit up to three abstracts as presenting author
- One author must be designated as the presenting author, who must be registered for ISFQC 2026
- Only original works are accepted (scientific research, applied research, extension studies, or case studies)
- Literature reviews will not be accepted

Abstract And Banner Structures

Abstracts must follow the structured format below and respect character limits:

- Title (max. 20 words)
- Introduction
- Materials and Methods
- Results and Discussion
- Acknowledgements

- Keywords (exactly 3)
- Conclusion

Poster guidelines

A designated space will be provided for the display of a poster measuring

1.0 m in height × 0.80 m in width .

The poster design and layout are at the authors' discretion.

We strongly recommend incorporating images, graphs, and visually appealing tables, avoiding lengthy text and overly dense tables, favouring a clear, concise, and visually accessible presentation.

Review Process

All abstracts will be evaluated by the VII ISFQC Scientific Committee and may be:

- Accepted
- Accepted with minor revisions
- Rejected

Authors will be notified after the review process.
